

Heidi's Happenings: A Visit to the Fire Station

Sue Reeves

10/15/2014

We celebrated Marla's birthday in September!

Heidi Hill is a guest blogger for the CPD's Developmental Skills Laboratory (DSL), a day program for adults with disabilities. Heidi loves to type and each month she'll be sharing the fun activities that she and her "buds" are doing at DSL.

This month at the DSL worksite we had lots of fun! We celebrated many birthdays in September!

Heidi Sue and the buds were able to visit one fire station. When Heidi and the buds had reached this brick building, they saw some really long fire poles. They also saw some really long silver fire ladders. Everyone who went down there asked the crewmembers about how they can quickly save lives of people in traffic accidents. Heidi Sue watched how the Jaws of Life worked!

We also had one barbeque with Common Ground Outdoor Adventures. It was lots of fun and we had lots of hamburgers and hotdogs.

We also had another great party just 'neath this six-poled pavilion. When all of the buds just were clustered outdoors, they heard their family members directly pull in. All the food really was super good. We had hot dogs and chili and lots of yummy food. It was great that our family members could join us for that pavilion opening. We are very happy that now we have a groovy pavilion right outside our worksite doorstep.

We also did window art in September, and it was lots of fun. We did food fun and made yogurt parfaits. We are excited for apples, and the Pumpkin Walk in October!
