DSL guest blogger Cindy Jones

*Cindy Jones (CJ) is a guest blogger for the CPD's Developmental Skills Laboratory (DSL), a day program for adults with disabilities. Each month, she'll be sharing the fun activities that go on at the DSL.*

Here at DSL we had lots of fun in July. I liked Super Hero day the most, because it was fun! We made paper dolls and dressed them up as super heroes. Everyone came dressed as their favorite super hero. I wore my Aggie gear that day.

We also had fun at the movies. We saw the new Minions movie. It was funny!

One day for lunch we drove up to 2<sup>nd</sup> dam and had a picnic. Some of us fed the ducks.

On another day we went outside, collected some leaves and traced them.

In July, there were a lot of people who had birthdays. We had fun celebrating them by baking a cake and singing Happy Birthday. We also made cards for each of them.
