The CPD says good-bye to Heidi Hill as she move to Phoenix, Arizona, with her parents and her cat. Heidi has been a long-time member of the Developmental Skills Laboratory family. She loves a good party and enjoyed a lively send-off from the DSL crew.

Additionally, Heidi has been a guest writer on the CPD blog since 2010, writing a monthly column that details the fun activities at the DSL. We will all miss her happy face and great wit. We hope she loves her new home!
